UNITED STATES OF AMERICA DEPARTMENT OF TRANSPORTATION FEDERAL AVIATION ADMINISTRATION

Air Agency Certificate

Number YSMY254J

This certificate is issued to

JAT TEHNIKA D.O.O. Belgrade

whose business address is Aerodrome Nikola Tesla 59 11180 Belgrade Republic of Serbia upon finding that its organization complies in all respects with the requirements of the Federal Aviation Regulations relating to the establishment of an Air Agency, and is empowered to operate an approved REPAIR STATION

with the following ratings: Limited Airframe

Limited Airframe Limited Powerplant Limited Accessories Limited Emergency Equipment Limited Non-Destructive Inspections Testing and Processing Limited Specialized Services (May 25, 2018) Limited Landing Gear Components

This certificate, unless canceled, suspended, or revoked,

shall continue in effect until September 30, 2024

By direction of the Administrator

Date issued:

December 31, 2022

WYATT E SEEGER Digitally signed by WYATT E SEEGER Date: 2022.12.29 10:40:09 -06'00'

Wyatt Seeger, Manager DFW IFO

This Certificate is not Transferable, and any major change in the basic facilities, or in the location thereof, shall be immediately reported to the appropriate regional office of the federal aviation administration

Operations Specifications

A001 . <u>Issuance and Applicability</u>

HQ Control: 05/06/2022 HQ Revision: 05f

a. These operations specifications are issued to JAT TEHNIKA D.O.O. BELGRADE, a Repair Station located outside the United States, pursuant to 14 CFR Part 145, § 145.53(a). The repair station certificate holder shall conduct operations in accordance with 14 CFR Part 145 and these operations specifications.

The certificate holder's address:

Fixed Location: Nikola Tesla Airport 11180 Belgrade 59 Belgrade 11180 Serbia

b. The holder of these operations specifications is the holder of certificate number YSMY254J and shall hereafter be referred to as the "certificate holder".

c. These operations specifications are issued as part of this repair station certificate and are in effect as of the date approval is effective. This certificate and these operations specifications shall remain in effect until the expiration date on the issued certificate for a repair station that is located outside the United States unless previously surrendered, suspended, or revoked.

d. The repair station specified on these operation specifications does not perform maintenance and/or an alteration of aircraft and/or aeronautical products under a Bilateral Aviation Safety Agreement (BASA).

e. The certificate holder is authorized to use only the business name which appears on the certificate to conduct the operations described in subparagraph a.

Operations Specifications

1. Issued by the Federal Aviation Administration.

2. These Operations Specifications are approved by direction of the Administrator.

Digitally signed by Billy D Risley, Principal Avionics Inspector (FS56) [1] EFFECTIVE DATE: 12/22/2022, [2] AMENDMENT #: 11 DATE: 2022.12.22 14:36:00 -06:00

3. I hereby accept and receive the Operations Specifications in this paragraph.

Operations Specifications

A002. Definitions and Abbreviations

HQ Control: 12/14/2017 **HQ Revision:** 05d

Unless otherwise defined in these operations specifications, all words, phrases, definitions, and abbreviations have identical meanings to those used in 14 CFR and 49 U.S.C., as cited in Public Law 103-272, as amended. Additionally, the definitions listed below are applicable to operations conducted in accordance with these operations specifications.

JAT TEHNIKA D.O.O. BELGRADE	A002-1 Certificate No.: YSMY254 Amdt. No: 9
FAA Accountable Manager	A person designated by the certificated repair station who is responsible for and has authority over all repair station operations that are conducted under 14 CFR Part 145, including ensuring that the repair station's personnel follow the regulations and serving as the primary contact with the FAA.
FOCA	Federal Office of Civil Aviation
Exemption	An authorization that permits an alternate means of compliance with a specific CFR. The exemption must meet the procedural requirements of 14 CFR Part 11.
EU	European Union
EASA Accountable Manager	The manager who has corporate authority for ensuring that all maintenance required by the customer can be financed and carried out to the standard required by the EASA full-member Authority.
EASA	European Aviation Safety Agency
Class Rating	As used with respect to the certification, ratings, privileges of airframes, powerplants, propellers, radios, instruments, and accessories within a category having similar operating characteristics.
CFR	Code of Federal Regulations
CAAS	Civil Aviation Authority of Singapore
Certificate Holder	In these operations specifications, the term "certificate holder" means the holder of the repair station certificate described in these operations specifications in Part A paragraph A001 and any of its officers, employees, or agents used in the conduct of operations under this certificate.
BASA	The Bilateral Aviation Safety Agreement (BASA) is an executive agreement concluded between the United States and a foreign country for the purpose of promoting aviation safety; also known as an Agreement for the Promotion of Aviation Safety.

Geographic AuthorizationAuthorization provided to a repair station located outside the Uni States to perform maintenance support under contract for a U.S. carrier (or an operator of U.S registered aircraft under 14 CFR Part 129) at a location other than the repair station's maint facility geographic authorization is issued by the FAA to respond to a U carrier's or Part 129 foreign operator's need for maintenance at station where the frequency and scope of that maintenance does warrant permanently staffing and equipping the station for its accomplishment.Limited RatingA rating issued to repair stations for the performance of mainten on particular makes and models of airframes, powerplants, prope radios, instruments, accessories, and/or parts.Limited Ratings - Specialized ServicesRating issued for a special maintenance function when the functi performed in accordance with a specification approved by the Administrator.Line MaintenanceAny unscheduled maintenance resulting from unforeseen events, scheduled checks where certain servicing and/or inspections do r require specialized training, equipment, or facilities.MAGThe Maintenance Annex Guidance (MAG) defines the process t the FAA and EASA undertake in the inspection, findings of compliance certification, and monitoring of repair stations, as well their joint cooperation in quality assurance and standardization act in support of the EASA Agreement.MaintenanceThe inspection, overhaul, repair, preservation, and replacement of parts, but excludes preventive maintenance.MiIPMaintenance Implementation Procedures (MIP) are procedures f implementing the provisions of a BASA that apply to maintenance performed under 14 CFR Part 145, Section 145.53(b).MOEA maintenance o		Department ansportation ral Aviation nistration
